# Welcome to The Science Camp

Visit our dedicated science venue for an exciting field trip where curiosity leads the way.

Designed for children aged 4 to 12 to embark on endless discoveries. With a wide range of activities for each age group, this will be a highlight of the term!

## Why Choose The Science Camp

### Highlights

#### HANDS-ON LEARNING

Children actively experiment, build, and discover rather than just listen.

#### CURRICULUM-LINKED ACTIVITIES

Our workshops connect with key science topics taught in school.

#### INSPIRES CURIOSITY

We encourage questioning, creativity, and independent thinking.

#### MEMORABLE EXPERIENCES

Fun, engaging activities that children will talk about long after the visit.

#### FIELDTRIP

The Science Camp is where curiosity comes to life and learning becomes an experience.

Join us for a memorable field trip filled with discovery, creativity, and hands-on fun.
